

THE STAR-LIT JOURNEY

It is my proud privilege that our esteemed institute bringing out the first ever issue of journal titled “**JOURNAL OF DENTAL COLLEGE AZAMGARH**”, an official publication of Veer Bahadur Singh Purvanchal University, Jaunpur, Uttar Pradesh.

I hope and believe that this journal will prove to be an asset and will be of immense use to academicians and practitioners for their upgradation of knowledge on the latest scientific and technological development. I am confident this journal will spur new thinking and innovation solution to Dental Health problems. The journal impart latest information and advanced clinical knowledge to all the reader.

I fall short of words to express my sincere gratitude to the Management especially Dr. Bajrang Tripathi, Founder Chairman, Dr. Krishan Mohan Tripathi, Chairman Dental College for their whole hearted support.

As we look at JDCA, it is important to keep in mind that it represents the collective thinking of a group of innovative individuals with whom I am privileged to work. We want it to look different, and to be one journal that, with its related website, will be as dynamic as the work going on in our disciplines, a rarity in academic publishing. Second, we want it to be a vehicle for a new type of conversation about research and its place in the academic review, tenure, promotion and reward process. One of the key objectives of research should be its usability and application. This journal attempts to document and spark a debate on the research focused in dentistry in context of the emerging diseases.

I also appreciate the efforts put in by the entire Editorial Team and all the contributors who have toiled long hours to bring out their best for the journal. I hope and pray that all of us continue to uphold the high standards expected of us in all our endeavors.

Dr. Aruna Das
Editor-in-Chief
